

USLaxTeams.com and Arbiter Integration

The following link will take you to the video instructions for utilizing the interface between USLaxTeams.com and Arbiter. You can optimize scheduling and reduce confusion for parents, coaches and officials when changes occur by taking advantage of this integration.

<http://leagueathletics.com/Help/configuration/general-settings/arbiter.shtml>

The screenshot shows a web page with a search bar at the top right. The main heading is "Category: Arbiter". Below this, there is a "Video tutorial" button. The text explains that ArbiterSports.com is a third-party software for assigning officials and provides instructions on how to integrate it with the website's schedule. A "Step-by-step" link is also present. The page is framed by a blue border on the right side.

Video tutorial

ArbiterSports.com is a third-party officials assigning software. If your league uses Arbiter to assign referees, umpires, or officials to your games, enter your Arbiter Group ID here and check the box to sync your website schedule with Arbiter after you complete the steps below.

[Step-by-step](#)

This will upload all existing games from your website into Arbiter, and insert new games automatically as they are added to your website. Any changes made to games on your website will be reflected within Arbiter so that your officials' assignor can see these changes.

Within LeagueAthletics.com you'll need to enter your Arbiter ID and sync your schedule once. This ID can be found in the upper right corner of the website when you log in to your Arbiter account.
